

## **BED TYPE MILLING MACHINE "T" SYSTEM SACHMAN MOD.T22 CNC HEIDENHAIN TNC 430**

### **CARATTERISTICHE TECNICHE**

|                                                         |        |           |
|---------------------------------------------------------|--------|-----------|
| • X axis travel                                         | mm.    | 2500      |
| • Y axis travel                                         | mm.    | 1400      |
| • Z axis travel                                         | mm.    | 1200      |
| • table size                                            | mm.    | 2700x1100 |
| • table load                                            | Kg.    | 8000      |
| • number of T slots                                     | n°     | 10        |
| • width of T slots                                      | mm.    | 22        |
| • rapid feed                                            | mm/min | 12000     |
| • spindle speed                                         | rpm    | 5000      |
| • spindle motor                                         | KW     | 30        |
| • spindle nose                                          | ISO    | 50        |
| • tool magazine number                                  | n°     | 24        |
| • automatic head with minimum divisions on the 2 joints | degree | 1°x3°     |
| • floor space                                           | mm.    | 7180x4880 |
| • height machine                                        | mm.    | 3820      |
| • weight machine                                        | Kg.    | 20000     |

## **ACCESSORI DI NORMALE DOTAZIONE**

- CNC Unit Heidenhain TNC 430
- Tempered and ground sliding guides with Turcite B coatings
- Chip conveyor
- Automatic 2-axis head divisions on the two joints every 1° x 3°
- Splash guard CE Norm
- Tool magazine with 24 positions
- T-shaped mobile upright
- Operator and maintenance manuals
- CNC manuals
- Year of construction 2000
